Part-time Computer Science Technology Teacher K-12 grades

Greenforest-McCalep Christian Academy (GMCA) is seeking a Computer Technology Teacher to serve the remaining of the 2022 school year. This candidate understands the importance of working collaboratively with Students, Teachers, and Administrators to move students to the next level of accomplishment in reaching their goals and meeting the technological innovativeness of the 21st century. This individual is committed to enhancing the academic, emotional, social and spiritual development of all students, (K-12 grades).

This resourceful computer technology teacher should possess energy, passion, skills, experience and credentials in planning, coordinating, motivating and advising student directives to support, engage and equip both students and parents to work towards accomplishing the goals of their child.

Job Responsibilities include:

Developing lesson plans and supplementary materials compatible with the basic instructional philosophy of GMCA and adapt the curriculum to the needs of each student.

Planning a technology education program involving innovative demonstrations, lectures, discussions, and student experiments while organizing activities for optimal learning.

Preparing report cards and attendance reports to evaluate academic and social growth of students.

Demonstrating the safe storage and proper use of materials, equipment and tools to ensure that they are kept in excellent working condition.

Preferred Knowledge, Skills and Abilities:

• Knowledge of current computer science technology education instructional methods, as well as differentiated instruction based upon student learning styles.

• Demonstrate a thorough knowledge of the field of Computer Science Technology.

• Ability to use computer network systems and software applications as needed.

• Ability to organize and coordinate work.

• Ability to communicate effectively with students and parents.

• Ability to establish and maintain cooperative working relationships with other Faculty members.

Preferred Skills:

- Word Processing/ Spreadsheets skills
- Database skills
- Web Navigation skills
- Website design skills
- Email management skills
- Digital cameras
- Strong interpersonal and communication skills

Education: Bachelor in Computer Science or related field

Certification: Teaching Certification or ability to certify

Part-time hours: 9:30am-2:30pm, Monday-Friday

This is an excellent opportunity for a teacher who wants to supplement their income while working in a pleasant and productive learning environment.
